Event Final Instructions, Season, and Event Drivers Briefing Notes

It your responsibility to have read and comply with both these event specific Briefing Notes as well as the Season Briefing Notes. I don't intend to cover all of them here but do want to cover some specifics for the pickup trucks at this meeting.

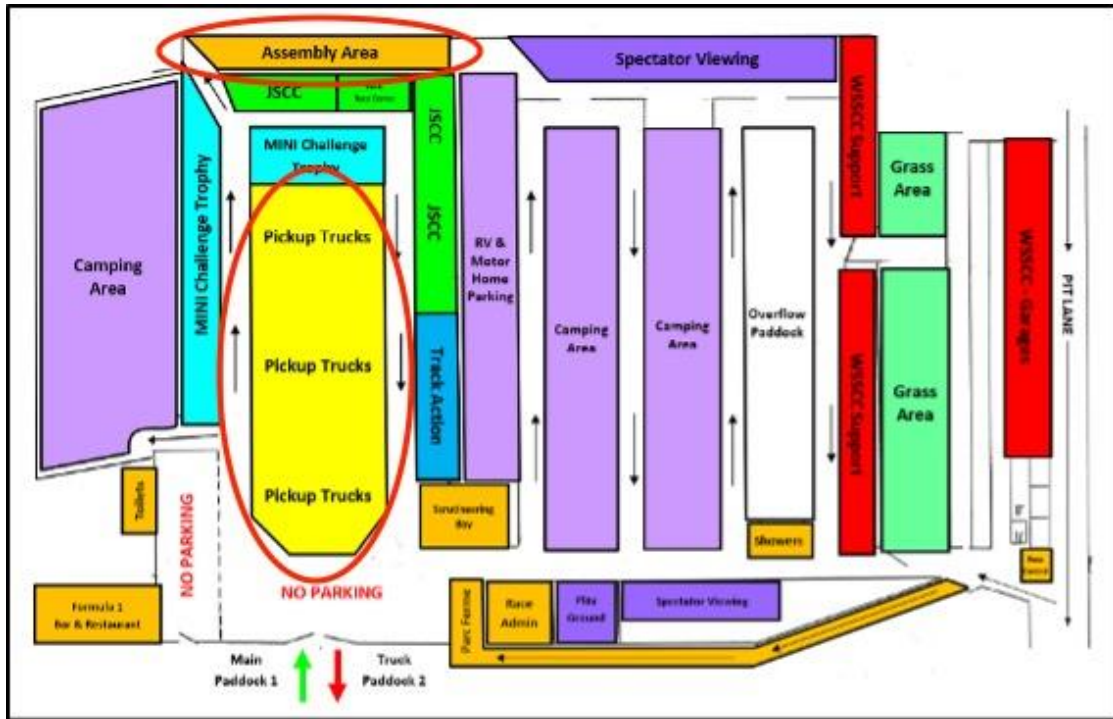

Official Notice Board

The official notice board is online at: https://www.barc.net/online_noticeboard/2024-pembrey-may-18-19/

Assembly Area

All trucks must go to the assembly area marked on the paddock plan. (See below, or for a larger copy Final Instructions). For qualifying, competitors will be released directly onto the circuit at the start of their session. For races you will be released to the grid.

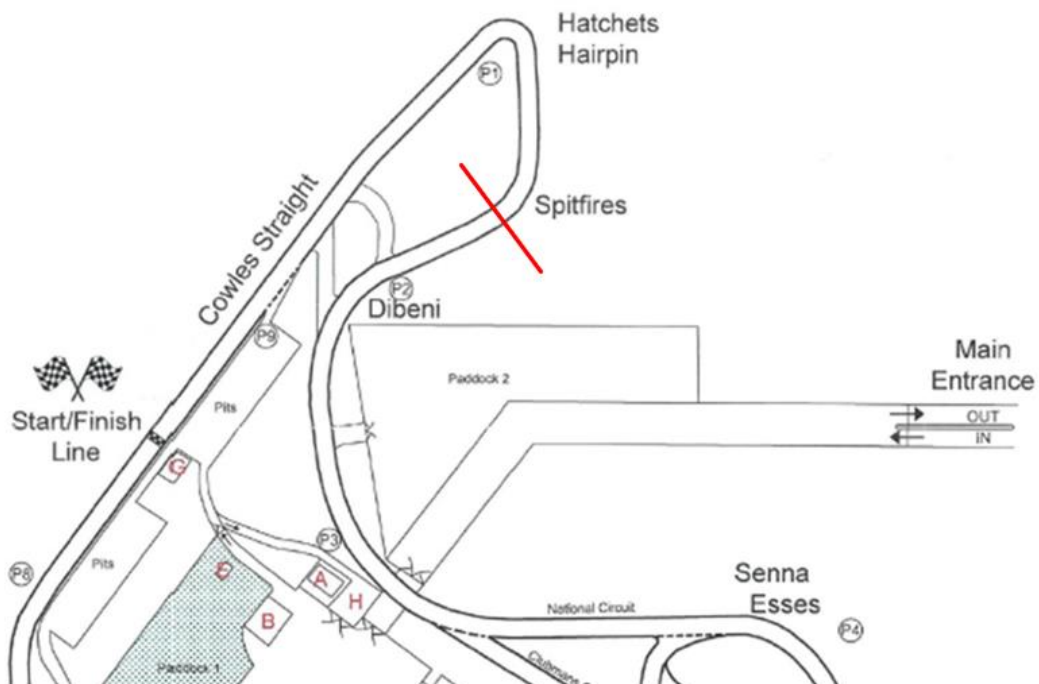

Please note the One-Way system in operation.

Start Procedure

As per the Championship Regulations 3.6.

The location at which overtaking is permitted is: **after Hatchets Hairpin**, see below:

End of Qualifying and Races

At the end of all qualifying and races, pickups will take the chequered flag, slow down and leave

All trucks remain under Parc Ferme conditions from the chequered flag until released by **Pickup Technical Team** under **Chris Baker**.

Driving Conduct

All incidents reported to Race Control will be investigated.

Light Panels

Pembrey Circuit is **NOT** equipped with light panels; therefore, the primary signals will be, **Flags**. In addition, RED & YELLOW lights may be used to supplement Flag Signals at Marshal Posts 2, 4 and 8. These have the same meaning as the flags.

Other Points to note:

- Competitors are reminded that the use of 2 wheeled vehicles including electric scooters is prohibited in all areas of the venue.
- Entrants, Teams, and Competitors must ensure that all vehicles are used in accordance with manufactures instructions and under no circumstances should anyone be allowed to ride or hang on to buggies, roll bars, side pods etc.
- Paddock vehicles with a capacity under 125cc may only be driven by a holder of a full UK provisional or greater, driving license.
- Paddock vehicles with a capacity over 125cc must be driven by a holder of a full UK driving license. (BARC Standing Regulations, Section 12).

Race with Respect

You will all have received the recent communication about Race with Respect from the Sonny and the championship. I am not going to say anymore on the subject other than to remind you as this event is live streamed and is often observed by MSUK. **Don't do anything thing to come to the governing bodies attention.**

Any Questions?

Have an enjoyable meeting, I look forward to speaking with you socially or at the next meeting.
