Race Tyres

At the first event a maximum of 8 new or used dry tyres can be nominated. At the 2nd, 3rd, 4th and 5th events competitors may nominate a further 4 new or used race tyres and any 6 previously nominated ~~used~~ dry race tyres.

At the 6th and 7th events competitors may nominate a further 2 new or used race tyres and any 8 previously nominated ~~used~~ dry race tyres.

'Used tyres' - must have been nominated ~~and used~~ in a previous race event, unless it is the first event in which case any used tyres may be nominated.

Reason for Change

To allow competitors to use at future rounds previously tyres that were unused but still registered as new, due to budget constraints and the concern of safety with less tyres for the rest of the season.
