JSCC

Qualifying results – correction of results

At 1229 the Clerk of the Course for JSCC announced that due to an operational error – all lap times for the JSCC Qualifying session from 12.04.42 onwards were to be removed.

This was due to an erroneous display of the red flag causing some competitors to react and enter the pit lane. The decision has effectively set the red flag at the point that it was displayed in error and ended the session.
