1.11 RESULTS & NOTICE BOARD:

All time sheets, grids and results are deemed to be provisional until the conclusion of all judicial actions.

 The circuit fuel station will be open during the event but it is located in the paddock area as marked on the paddock plan (section 5). The fuel station will be manned and payment can be made with Credit/Debit Card.

1.14 LIGHT PANELS AND FLAG SIGNALS

Light signals will take priority and may be supplemented with flags. For reasons of safety, in case of conflicting signals between the flags displayed by marshals and the light panels, drivers must comply with the requirements of the signal with the highest level of safety.

In order of precedence: Red Flag, Double Yellow Flag, Single Yellow Flag, Safety Car, Green Flag.

Please see the information sheet in Section 5 these final instructions for a diagram of the different light panels that will be used.

1.15 **TRACK LIMITS**

The attention of Competitors is drawn to NCR App12 Ch7 Art 1.6. Track limits will be monitored around the circuit. A driver will be judged to have left the track if any part of the contact patch of any tyre of the vehicle goes completely beyond either the outer edge of any kerb or the white line where there is no kerb.

Unless championship regulations state otherwise, the following penalties will be applied:

In qualifying sessions: The lap time on which the breach occurred will be disallowed for the purposes of establishing grid order for the relevant race but will still count towards the minimum number of laps required to qualify for the relevant race. Note of times that have been disallowed will be made on the results sheet for that session.

In race sessions: A first breach will be noted. A second breach will result in the driver being shown the Black & White flag. A third breach will result in the driver receiving a 5-second time penalty. A fourth breach will result in a further 10-second penalty being added to your race time. A fifth breach will result in a 'Drive Through Penalty' NCR 12.7.1.11 (b) in addition to the preceding time penalties. A sixth further breaches will result in a Black Flag.

Should the number of breaches or the timing of the receipt of the Judge of Fact reports in race control, prevent the above procedure from being implemented, the Stewards (where they are the designated authority to impose such a penalty), may, at their discretion and after the race, invoke NCR 12.7.1.8 and impose a post-race penalty.

1.16 **SAFETY CAR**

The Safety Car will be utilised in all Race Sessions. For the first lap only of races with a standing start it will be positioned at pit entry for the first lap, and thereafter at the pit lane exit. For races with a rolling start the Safety Car will be positioned at the pit lane exit. When the Safety Car is deployed it will join the circuit, normally ahead of the leader. When the Safety Car period is coming to an end it will turn its lights off between Turns 9 and 10 and then enter the pit lane.

1.17 **TIMING OF DECISIONS**

If the Clerk of the Course holds a formal inquiry into an incident and subsequently issues a formal decision to a competitor, the decision will be issued in writing either in the hearing, by electronic notification or posted on the Official Noticeboard. The Appeal period, where applicable, begins whichever is the earliest time of issue. NCR 2.3. 1.16 & NCR 2.4.1.17.
